

Corporate Overview

JSI (www.jsitelecom.com) is a privately owned company, comprised of over 350 employees in offices located in Canada, the US, Germany and Australia.

JSI was founded in 1979, and has an excellent track record as a highly successful and profitable company with a reputation for exceeding customer expectations. Our customer base and long-term partnerships have allowed us to become recognized leaders in designing and developing acquisition, collection, and analysis solutions for the law enforcement and intelligence communities. JSI's 4Sight suite of products offers versatile solutions for data management and allows our customers to combine any number of disparate data sources into a highly intuitive and visually focused platform.

In accordance with the Accessibility for Ontarians with Disabilities Act (AODA), JSI will provide accommodation accessible formats and communication supports for the interview process upon request.

This position is located in our Ottawa, Ontario office and reports to the Director Product Management.

Product Manager

The Product Manager will own a portfolio of product areas and lead a team of razor-sharp Product Owners. They will focus on making their team of POs as successful as possible whilst providing thoughtful insights to help drive the company's overall product strategy. The ideal candidate brings a wealth of product management knowledge and experience in addition to strong leadership and communication skills. Finally, the Product Manager will be at home in a fast-paced environment where priorities are constantly evolving and will be an expert at extracting clarity from chaos.

Responsibilities

- Own a portfolio of product areas
- Lead and manage a small team of highly skilled Product Owners
- Set and communicate product and roadmap priorities
- Attend backlog grooming meetings and provide feedback and insight on new feature proposals
- Work daily with Senior Engineering Managers to make things happen
- Focus on removing impediments for team of POs
- Influence Buy, Build or Partner decisions
- Collaborate with many different internal groups to make JSI's customers successful
